Thunderblade

THE FIRST BOOK IN A NEW SERIES BY

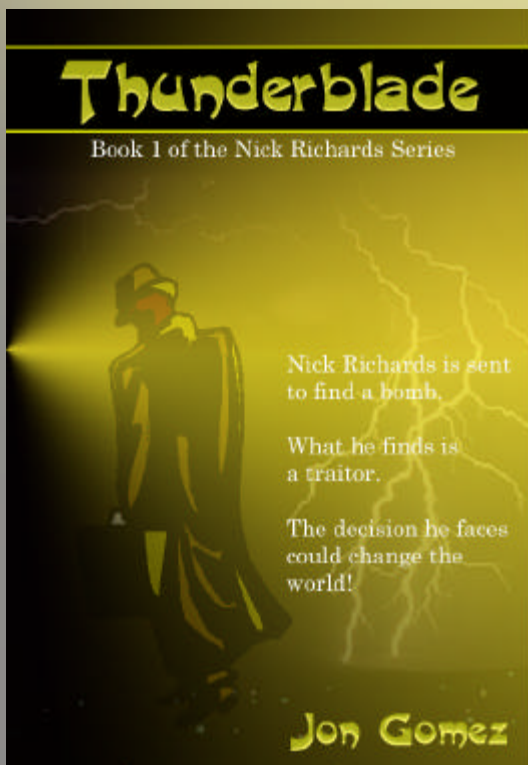

JON GOMEZ

Nick Richards became a secret agent because of his uncle, who had been murdered while on a mission for MI5.

Now Nick was being sent to complete that mission. He was to locate and retrieve a nuclear bomb hidden deep within Iraq.

What Nick didn't know was that there was a mole in MI5 who had warned the Iraqi Secret Service that Nick was coming, and there was a traitor looking to stop him.

Nick would find that some decision in life are not black and white. He would be faced with the most difficult choice of his life and the fate of the world hangs in the balance!

“Remarkable work for a first-time author. Gomez’s characters come to life on the page with rich detail and witty dialogue.”

The Times Journal

“The suspense had me on the edge of my seat!”

Entertainment Tomorrow

“Nick Richards is here to stay. I think it’s safe to say that Nick could be the next Bond and Gomez the next Ian Fleming.”

Books in Review

“Couldn’t put it down! I hope we don’t have to wait long for Book 2!”
