Career Goal: I would like to leverage my knowledge and skills to aid me in a network or systems administration position. I am trying to attain a job where I am put in situations that challenge my intellect and abilities.

Bandemar Network, LLC – Newark, NJ

Global Microscope Project Manager

Fall 2008

Summary: I was responsible for creating and maintaining the project timeline. I also served in a programming capacity by checking and validating various code the project team produced. Our team was charged with creating a customize map to be projected on to a three dimensional sphere showing current earthquake data from the USGS. This can be seen at the Liberty Science Center in Jersey City, the exhibit is called the Global Microscope.

Prudential – Newark, NJ

Financial Information Services Intern

Summer 2008

Summary: I was responsible for updating and verifying network topology and firewall rules and policies. Additionally I was tasked with preparing some systems with Enterprise Linux to become R.A.Cs. I also had day to day tasks to help the Oracle DBAs with maintenance of the database.

Lehman Brother – Jersey City, NJ

Infrastructure and Support Engineer

Summer 2006

Summary: I was responsible for providing desktop support to internal and external users of the company applications and resources. I handled users with: various versions of Windows, UNIX, Bloomberg, Blackberrys, RSA tokens, and other various network resources.

Air Raider, Inc. – Newark, NJ

Air Raider Project Manager

Fall 2006

Summary: I was responsible for creating and maintaining the project timeline. I had to allocate and utilize human and other resources to have the project team create a development plan for a new company patent.

East Rutherford Department of Public Works – East Rutherford

Network and Systems Administrator

2006-2008

Summary: I held numerous responsibilities related to the network and systems in place for the Borough of East Rutherford, the ERFD, and ERPD. Implemented and maintained the asterisks PBX, GIS, Untangle Router and other systems currently in use. Our group was depended upon to provide everything in the network and systems capacity, from laying cable to user troubleshooting. In addition, I served as a member of the Office of Communications and Technology for the ERFD, the ERFD Truck Company Secretary, as well as the ERFD Department Sergeant-at-Arms.

East Rutherford Board of Education – East Rutherford, NJ

Summer Technician

Summer 2005

Summary: I aided the board systems and network administrators in day to day activities. Perform computer maintenance and repair on site. In addition I was responsible for imaging and restoring user machines.
