Impact of Team-Based Learning on Driving a More Powerful Learning Process

Sources of Learning in Relation to Complexity of Concepts

Better Learning of Complex Concepts and Applications. Reason:
1) Teacher spends:
   - Less time on basics.
   - More time on applications.
2) Students learn from team tasks that are too difficult for individuals.

Better work on Mid-Level Concepts and Applications. Reason: Team Discussion During:
1) Readiness Assessment Tests
2) Application Activities and Exams

Better work on Basic Concepts from Better Pre-Class Preparation. Reasons:
1) Individual Readiness Assessments "count"
2) Members want to help their team succeed.
