The exam titled as "**CS101/012 Final Exam**" is added into ProcturU platform for your CS101 final. Please follow the instructions shown below. The ProctorU will send its own invitation soon enough.

**To use ProctorU for online exam, you need to:**

1. Have a laptop with a webcam or an external camera. If you don’t have a webcam, borrow one.

2. Log into your account on ProctorU and reserve a spot for your final.

3. A late fee of $5 will be charged on you if you do not register 72 hours prior to the exam.

**Due to technique issues, you are asked to log into ProctorU earlier before the exam can be started. How early?**

You will be asked to show your surroundings to ensure it is clean of extra materials that might be used in the exam.

That’s the reason why you need a webcam, so you can show that you are alone, you can have only pens/pencils and a few blank scratch papers with your, and nothing under the table.

And they also need to ensure that you don’t have any extra software is running in your computer.

Because it’s a tiresome but needed procedure and it might take up to 3 minutes or more for each individual to admitted into exam. So you need to make an appointment within the time window when you register to the exam.

**Be enter the exam platform earlier.**
